Hi [REDACTED],

Yes, that's correct. As a result of the February 6th letter titled "Suspending Approval of State Electric Vehicle Infrastructure Deployment Plans" sent to all State DOT Directors, the NEVI formula program codes have been placed in "expired" status. Thus, no funds are available for obligation.

Hi [REDACTED],

I hope you are having a nice Friday afternoon!

I just wanted to inform you that I tried to submit the first NEVI CON authorization request, and I received the following message on FADS. Apparently, all funds have been expired and we cannot obligate any additional dollars for the projects.

• Request cannot be processed. One or more Program Code balances has been exceeded.
